Indret raaco-produkterne
så de passer til dine behov

System, sammenhæng og valgmuligheder

Ved hjælp af vores indsatse findes ikke kun valgmuligheder inden for den enkelte produktgruppe, men også på tværs af produkterne. Der er et stort antal af kombinationsmuligheder imellem Assorter sortimentsæsker i A4, A5 og A6 størrelse, PocketBox, CarryLite, Boxxser, Compact, ToolCase og 250-3 skuffe til skuffereol.

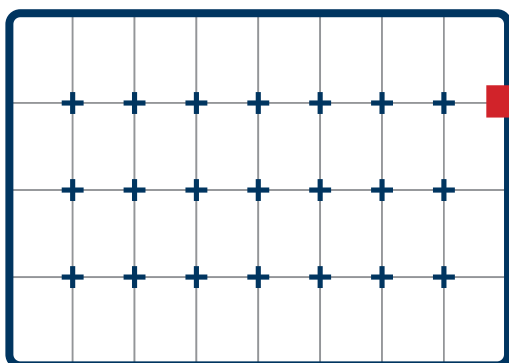

Ved hjælp af det brede udbud af indsatse kan du indrette dit raaco produkt efter behov - og flytte indretningen lige så let igen. Indsatse og indhold bliver på plads takket være det særlige montagesystem.

Desuden gør de løse indsatse det nemt at få fat i selv de mindste emner.

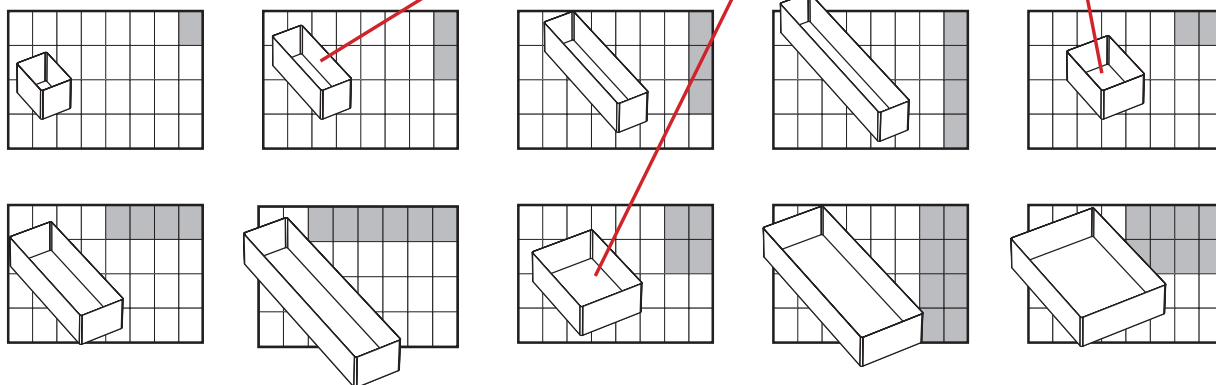

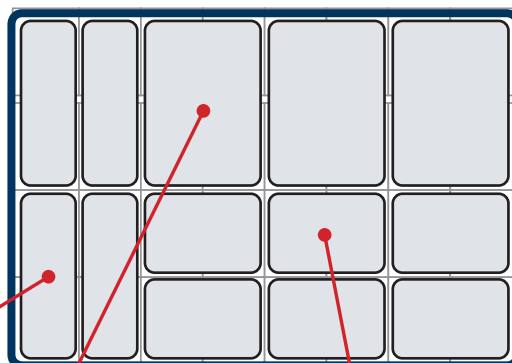

På de efterfølgende sider er der guides som illustrerer, hvordan sortimentsæsker, skuffer, værktøjskasser og kufferter kan indrettes. Typen og størrelsen af indsats afhænger af, hvilket produkt, der skal indrettes.

På illustrationerne ved den enkelte indsats er et felt markeret i grå hvilket indikerer, hvor meget indsatsen fylder og, hvordan den skal placeres.

Skabelon for bunden af en CarryLite 55 4x8

Eksempel på en kombination med 3 typer indsatse

Illustrationerne viser hvor mange felter hver enkelt indsats dækker i bunden af æsken.

Indsatse til Compact

Uanset hvilken Compact du vælger, får du en værktøjskasse, der kan tilpasses dine behov.

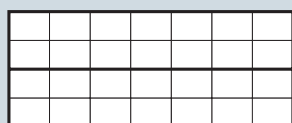

Værktøjsskassen kan indrettes og inddeles ved hjælp af flytbare indsatse. Disse gør det let at opbevare samt at få system og overblik over smådele. Du kan også flytte de løse indsatse mellem de forskellige raaco produkter du bruger, alt efter behov.

A technician wearing a red short-sleeved shirt and dark trousers is kneeling on a rooftop. He is holding a small, cylindrical HVAC component in his right hand. In front of him is an open blue Raaco toolbox, which is filled with various tools and parts organized in compartments. The toolbox sits on a white plastic grid. In the background, there is a large, white, cylindrical HVAC unit and a clear blue sky.
